36's

The first semester of the 2013-2014 school year at Lyons Township High School has come to a close. *By The Numbers* was designed with our community in mind and is intended to encapsulate a few of the achievements earned and activities performed by LTHS students and staff. While not exhaustive, the brochure should give readers a glimpse at our successes and forecast the opportunities that lay ahead.

As students maneuver through the remainder of the school year, I encourage you to take part. Please be our guest at our monthly Book Talks, join us for a play, visit an art show, cheer on the mighty Lions at an athletic event, or visit the website for more detailed information.

Above all else, please accept the collective thanks of the students and staff at LTHS for the support provided by you, our neighbors, friends and community members. Without your support, LT would merely be a collection of numbers - percentages, ratios and test scores. Instead, our numbers have meaning and speak volumes about our curriculum, co-curriculars and character.

Sincerely,

Timothy B. Kilrea, Ed.D.
